ON account of the Dingley bill increasing the price on cigarettes the four Paris dealers agreed several weeks ago to raise the price from five to ten cents per pack. This week the compact was broken and now a cigarette war is on. Six packs can now be bought for a quarter. At this rate a dealer must sell 17,500 packs to make his license fee.

John Smith Remembered.

TUESDAY night the Frankfort bar presented a handsome gold-headed cane to Commonwealth's Attorney John S. Smith, of this city, in token of their appreciation of his splendid work as Commonwealth's Attorney. Mr. Smith responded in a pretty speech.

Miss Heath's Lectures.

MISS FORD HEATH, of this city, is delivering a very interesting series of lectures on Japan, at the City School Chapel. A residence of some years in Japan has qualified Miss Heath to speak of that singularly bright and interesting people with a knowledge of them gathered at first hand and not from hearsay.

Miss Heath is herself a bright, intellectual, and cultivated lady. She writes fluently and with an easy grace of diction, and her lectures, if viewed merely as literary efforts, are excellent. But there is much more in them than mere literary finish. They overflow with entertaining information about a very interesting people told in an attractive and entertaining way. They are read from manuscript which has been carefully prepared, but they are read well, in a clear, distinct and pleasing voice, and the interest does not flag from the first sentence to the last.

The series will consist of three lectures. The first on Modern Japan, has been given. The second, on Ancient Japan will be given this evening, and the third, on Women of Japan, on next Friday evening, at the City School Chapel, beginning each evening at 7:30 o'clock.

A crowded hall at both of the remaining lectures would be a compliment to Miss Heath which she deserves and which the quality of her lectures fully justifies.

See the short corset at Frank & Co's—white and black, all sizes.

Acres of Grass Burned.

HUNDREDS of acres of grass in Kentucky meadows and on hill-sides have been destroyed this week by fires started by sparks from locomotives. Harry Holt, of this city, has had ten acres destroyed, and many Bourbon farmers have had smaller losses.

Sparks from an engine on the Cincinnati Southern Railroad destroyed a two hundred acre meadow for John Hayes near Lexington Monday. Several hay stacks and considerable fencing were destroyed. The fire spread to S. B. Muir's place, but the efforts of a hundred people saved his house. About 200 acres of grass were burned. The fire was put out by plowing the ground.

News of Dick Tate.

THE Frankfort Ledger says: "Mr. Pinkerton, head of the great detective agency in Chicago, states that Col. Dick Tate is still alive and that he is the proprietor of an immense coffee plantation and cattle ranch in Northern Brazil; has plenty of money and making more. Pinkerton also states that Tate is living like an Oriental Prince, and makes frequent trips to Buenos Ayres, capital of the Argentine Republic. Tate, he says, makes no effort to conceal his identity beyond adopting a high-sounding Spanish name and dressing like a Hidalgo."

Blankets at Frank & Co's, from fifty cents to fifteen dollars per pair.

A Midnight Fire.

THE fire department was called out about one o'clock Wednesday morning to extinguish a dangerous blaze in the rear of the O'Connor property on the corner of Main and Fifth streets. The fire gained considerable headway, but the department turned out in exceedingly quick time, carried a line of hose through C. B. Mitchell's grocery and subdued the fire. The damage was small but the fire would have been very destructive but for the excellent work of the fire department.

Carpets Bound To Advance.

BUY your carpets before the advance in prices. The new tariff is causing a rapid advance in wholesale price of carpets. Of course retail dealers will be compelled to charge more. I am selling carpets every day at the old low prices. Better come in now; don't wait till your opportunity has passed. I have all grades of carpets, and in the latest patterns. J. T. HINTON.

They're Coming Back.

DURING a trip to Paris Wednesday the Cynthiana Military Band, a very clever organization, rendered several pleasing selections in the court house yard. The band will return to Paris on next Friday night to give a concert at the Grand Opera House. Their music is delightful and they should be well patronized.

Card of Thanks.

I DESIRE to thank those who so kindly assisted at the fire on Tuesday night, and the Paris Fire Department for the most efficient work done. Paris can well feel proud of its fire department, as they are prompt and reliable.

Very Truly,
GEO. D. MITCHELL.

If you are not going to the Klondike you want a sack of Paris Mill flour. If you are you want a car-load. (4t)

DRESS GOODS.

My importations for this Fall and Winter of Ladies' and Children's Dress Goods exceed in cost of investment \$10,000 any other purchase I ever made in this one line of goods. With forty years' experience in Dry Goods business in Paris I saw it was to your and my interest to secure these goods under the low tariff, consequently I invested every available dollar I had in goods at low prices. The new Dingley tariff bill has already made and will when set fully at work make all classes of Dry Goods fully double in price what they were under the Wilson or low tariff. I have the advantage of this: My goods were bought when cheap, and it is my intention to hold them down as long as a yard of them lasts. If you want to save money in your purchase this Fall and Winter come and see me and examine my stock and hear prices before you invest elsewhere.
